***CORPORATE PLAN & SERVICE PLAN
2019 - 2022***

CORPORATE PLAN

1 SERVICE MISSION & VISION

Tayside Valuation Joint Board's mission is to ensure best value and provide equitable, customer focussed, high quality, professional valuation and electoral services for all its stakeholders.

Our vision is to provide valuation and electoral services in accordance with statute and in a manner that is exemplary.

2 PURPOSE AND SCOPE OF SERVICES

2.1 Introduction

The statutory duties allocated to the Assessor for Tayside Valuation Joint Board are the maintenance of the non-domestic Valuation Roll and the Council Tax Valuation List for the valuation areas of Angus, Dundee City and Perth & Kinross Councils.

In addition, both Angus and Perth & Kinross Councils have appointed the Assessor as Electoral Registration Officer for their respective Council areas.

2.2 Valuation Roll

The Valuation Roll is a statutory document which lists all non-domestic lands and heritages within the Valuation Area. The Valuation Roll includes an entry for each non-domestic subject in the area and each entry contains the details of the properties' ownership, occupation and it's Rateable Value. The Rateable Value is an estimate of the annual rental value of the property and reflects the statutory basis upon which this must be assessed. The Rateable Value appearing in the Valuation Roll will be used by the Local Authority to determine the level of Non-Domestic Rates to be paid by the occupier. The Assessor is responsible for maintaining the Valuation Roll by adding any new entries, amending existing entries and deleting any entries which are no longer appropriate on a daily basis.

It is a fundamental feature of the system of non-domestic rating that each proprietor, tenant and occupier shall be entitled to appeal against an entry appearing in the Valuation Roll, subject to certain statutory time limits.

In addition to the maintenance of the Roll, the Assessor is required to carry out a General Revaluation of all subjects periodically and to deal with all appeals arising therefrom. The latest General Revaluation came into force on 1 April 2017 and this will remain in force, amended as appropriate, until it is superseded. The next General Revaluation is due to come into effect on 1 April 2022.

As at 1 April 2020, there were a total of 21,678 subjects on the Valuation Roll, and the total Rateable Value at that date was approximately £435 million for all three Council areas.

2.3 Valuation (Council Tax) List

The Valuation List is also a statutory document and lists all domestic subjects (dwellings) within the Valuation Area. Each subject included in the Valuation List is ascribed to one of eight Valuation Bands according to its estimated capital value as at 1 April 1991. The Valuation Band appearing in the Valuation List will be used by the Local Authority to determine the level of Council Tax to be paid by the occupier. The Assessor is responsible for maintaining the Valuation List a daily basis by adding any new entries, amending existing entries and deleting any entries which are no longer appropriate.

At 1 April 2020 there were 212,702 dwellings on the Lists for the three Council areas.

2.4 Register of Electors

The Assessor, having been appointed as Electoral Registration Officer for Angus and Perth & Kinross Councils, also produces the Register of Electors for these areas. The Register is published annually and contains the names of all persons resident in the areas and eligible to vote at UK Parliamentary, Scottish Parliamentary, Local Government or European Elections. An annual canvass of electors is carried out in order to update the Register prior to its publication. Out with the annual canvass period the Register is updated on a monthly basis.

At 1 November 2019 the Register for Angus Council area contained 89,909 electors, and the Register for Perth & Kinross area contained 115,561 electors.

2.5 Governance

The Joint Board is required to exercise good governance and sound financial management, which includes compliance with Best Value, Promoting Fairness and Equality to all our staff and customers and meeting all statutory requirements relating to Data Protection, Freedom of Information, Environmental Impact Regulations, Record Management Requirements, etc. These issues are monitored and, where required, action is taken by the Assessor, the Clerk to the Joint Board or the Treasurer of the Joint Board as appropriate. All material matters are reported to the Joint Board at regular meetings. Detailed examination of all material matters is also undertaken by Internal Audit and External Audit as appropriate.

3 SERVICE ISSUES & DELIVERY

3.1 General

3.1.1 As the functions of the department are statutory in nature, the resources of the Joint Board are directed by the need to meet the statutory timetables associated with each of its functions. These resources are under pressure as the Joint Board has a reducing budget and, in addition, must absorb cost pressures such as increases in salary costs and utility costs.

3.1.2 The Joint Board's Best Value submission indicates that provision of services should comply with the essential elements of good governance and sound strategic, operational and financial management. The overall objectives of the service are to meet all its statutory requirements, achieve the highest possible quality of Valuation and Electoral Registration services for stakeholders and achieve such quality in the most cost effective manner.

- 3.1.3 Shortly before the start of the 2020/21 financial year the Joint Board, in common with all public sector, business and voluntary sector organisations, was heavily affected by the Covid-19 Pandemic. This pandemic has resulted in the temporary closure of the Board's two offices however, staff working remotely from home will continue to deliver services, albeit to a reduced level. It is anticipated that delivery of the Joint Board's services will be affected for much of the coming year and therefore considerable resource will be focussed on ensuring that risks to both staff and members of the public are mitigated as far as is possible. Processes and procedures will be reviewed to ensure that service delivery can continue in the most effective and efficient manner possible.
- 3.1.4 During the currency of this plan, the Joint Board's Corporate Governance, Business Continuity and Risk Management arrangements will continue to be monitored and updated as appropriate to meet the current challenges.

3.2 Valuation Roll

- 3.2.1 The Valuation Roll will continue to be monitored and updated up to 31 March 2021. In the light of current restrictions wherever possible amendments to the Valuation Roll will be undertaken using resources available electronically. On-site survey work will take place only where it is safe to do so in line with Government and other guidance.
- 3.2.2 Following the 2017 Revaluation, some 6,258 appeals were received. The Statutory date for the disposal of all revaluation appeals, and running roll appeals received before 31 December 2019, is 31 December 2020. Whilst significant progress has already been made in dealing with these appeals a significant number remain outstanding. Professional staff will discuss these appeals with ratepayers and their agents in accordance with the disposal schedule. Where settlement is not achieved, appeal cases will be prepared for presentation before Valuation Appeal Committees, the Lands Tribunal for Scotland and the Lands Valuation Appeal Court as required. Valuation Appeal Committee costs and fees incurred in the engagement of Counsel can be significant and will be carefully managed.
- 3.2.3 Further "running roll" appeals are received on an ongoing basis as a result of changes to the Valuation Roll, in relation to perceived "errors" or concerning "material change of circumstances". In relation to the Covid-19 Pandemic, some 2,300 additional appeals were received between 17 March 2020 and 31 March 2020. The Statutory date for disposal of these appeals is one calendar year from the date of receipt, meaning that these should be resolved no later than 17 March and 31 March 2021. It is likely that additional appeals will be received relating to pandemic during the course of the current financial year. It remains to be seen whether these appeals can be resolved within the current Statutory timescale.
- 3.2.3 The Barclay Review of Non-Domestic Rating, which reported in August 2017, included a considerable number recommendations the majority of which were accepted by the Scottish Government. The Government has now enacted the Non-Domestic Rates (Scotland) Act 2020, which brings a number of these proposals into force. Key amongst provisions is that, with effect from 2022, General Revaluations will take place each 3 years (as opposed to 5 yearly as is currently the case). Further changes are; the inclusion in the Valuation Roll of markers to identify newly built properties and improved properties; the inclusion in the Valuation Roll of a significant numbers subjects within parks that are currently exempt; a new two-stage appeal procedure with the later

stage directed to the Scottish Courts and Tribunal Service; and new information gathering powers for Assessors which will require the service of civil penalties. The implementation of these changes to the system of Non-Domestic Rates in Scotland will present considerable challenges during the currency of this plan.

3.3 Valuation (Council Tax) List

- 3.3.1 The Valuation List has been in place since April 1993.
- 3.3.2 The Valuation List will continue to be updated as required by current legislation to reflect changes, new entries and deletions. As with the Valuation Roll, amendments to the Valuation List will be undertaken using resources available electronically. On-site survey work will take place only where it is safe to do so in line with Government and other guidance.
- 3.3.3 Proposals and appeals in relation to Council Tax Bandings will continue to be addressed and cleared by professional and technical staff in accordance with the statutory timetable.

3.4 Electoral Register

- 3.4.1 The Register of Electors is usually published annually on 1 December each year following a canvass of all households conducted during the period July to November each year. However, in light of the current health concerns, legislation is to be enacted enabling the publication of Electoral Registers until 1 February. It is anticipated that the postal canvass will be undertaken as normal although the ability to undertake a door-to-door canvass of non-responding households will be dependent upon the health advice available at that time.
- 3.4.2 The Electoral Register will be updated monthly out with the canvass period in accordance with current legislation. Clerical staff will issue and process forms from electors to allow registration at new/changed addresses. Reviews of registrations will be carried out for those electors no longer thought to be eligible for registration at a particular address.
- 3.4.3 Absent voters' personal identifiers will be maintained and refreshed each 5 years.
- 3.4.4 Current legislation requires the Registration Officer to compile and keep two versions of the Register. The Electoral Register contains the details of everyone who is entitled to vote and the use of this Register is reserved for elections and certain other statutory purposes only. Access to this Register and the sale and the supply of this Register is strictly controlled by legislation. The Open Register (formerly known as the Edited Register) which omits the names of electors who have asked to be excluded from this version, has no restrictions on its use, access or sale and supply. Clerical staff will monitor and process requests to be excluded from the Open Register as appropriate.
- 3.4.5 Preparations will be made to enable the necessary registration activity to take place in advance of anticipated local by-elections and also the Scottish Parliamentary Election which is due to be held in May 2021. Particular planning will be required to cater for a potential significant increase in the number of electors seeking absent votes, either by postal or by proxy vote. Staff will work together with Returning Officers and their staff to ensure effective delivery of election services.

- 3.4.6 Both the Scottish Government and the UK Government are in the process of making significant changes to the system of Electoral Registration that will come into effect during the currency of this plan. The Scottish Government has provided for electoral reforms which include, amongst other aspects; the extension of the franchise for Scottish Parliament and Local Government elections to include both foreign nationals and prisoners who are sentenced to detention for a period of one year or less. The UK Government is also proposing to grant “votes for life” to overseas electors. The UK Government and Scottish Government are working together to streamline annual canvass procedures. Where appropriate processes and procedures will be amended to implement these changes.

3.5 Information Technology

- 3.5.1 The continuing effective delivery of the Joint Board’s services is dependent on its IT Section. The major task of the IT Development Manager and his staff is to continue to maintain existing systems and to develop and provide new and altered systems to meet the needs of the Joint Board. The effectiveness of these IT systems is key to securing the maximum efficiency and effectiveness of the Joint Board in meeting its corporate objectives.
- 3.5.2 The IT team have been, and will continue to be heavily engaged in ensuring that facilities for remote working are available and adequate to meet the requirement to deliver services during the period that offices are closed due to the current pandemic.
- 3.5.3 The Assessor contributes to the Scottish Assessors’ Portal, a national website which provides a fully searchable national dataset of Non Domestic Rating and Council Tax information, together with on-line interactive services available to all stakeholders. IT resources will be required to upload data regularly to provide the most up to date information, and this will continue during the currency of this plan. It is anticipated that, where possible, new public facing initiatives to implement aspects of the Non-Domestic Rates (Scotland) Bill will be developed in conjunction with other Assessors and delivered through the Portal. The Joint Board’s IT Section will contribute to those developments and initiatives.
- 3.5.4 An external provider supplies an Electoral Registration system to Tayside Valuation Joint Board. Constant liaison is required to ensure successful delivery of the service.
- 3.5.5 Local Authorities maintain Corporate Address Gazetteers in association with the One Scotland Gazetteer, an address database made up of all 32 local authority gazetteers. Assessors’ primary databases are an important source of information in this development. IT resources will require to be allocated to ensure the regular exchange of up-to-date data in a nationally compliant format.
- 3.5.6 The Finance departments of the three constituent authorities are currently advised of changes to the Valuation Roll and Valuation List by interface reports to allow manual update of the authorities’ billing and collection systems.

3.6 Management Structures & Organisational Structure

- 3.6.1 The Joint Board’s Management Team, chaired by the Assessor, oversees the running of the organisation. The team meets regularly to consider issues of Policy and Strategy, Valuation and Council Tax, Electoral Registration, Governance and IT Management.

3.6.2 The Assessor has undertaken a review the staffing structure, expected staff numbers, skills and needs of staff required to meet the challenges over the forthcoming three year period. The current staff establishment and organisational structure, which was approved by the Joint Board at its meeting of 24 June 2019 was significantly amended to reflect the amended duties introduced by the Barclay Review and associated legislation. This remains the appropriate structure to meet the challenges of the coming years. However, during the year some minor changes will be made to job descriptions and reporting structures to better reflect requirements for electoral registration processes and the administration of civil penalties. These changes will be contained within the existing approved revenue budget.

3.6.3 In-house Working Groups have also been formed to oversee various aspects of the service provision and to report to the Management Team. Established Working Groups are:-

Council Tax
Non-domestic Rating
Electoral Registration
Governance
Information Technology
Health & Safety Group.

3.6.4 The staff of the Joint Board are its major resource, and the Joint Board's success depends on their knowledge, experience and ability. Professional staff must meet the continuous professional development (CPD) requirements of their professional bodies, and are encouraged and assisted, so far as resources permit, to meet these requirements. The Joint Board operates a Staff Performance and Development Review scheme designed to maximise the performance and development of individual staff members. Where required training will be provided to staff in the operation of the Joint Board's IT systems. General training is also required in relation to external IT systems, packages and general PC use. Budgetary arrangements will be put in place to allow the necessary training courses to be set up.

3.6.5 Procedures and practices, some of which are of long standing, will be reviewed to ensure that service delivery proceeds in the most effective manner. In this context, the Joint Board's Internal Auditors prepare Audit Needs Assessments, Strategic Plans and Individual Audit Reports designed to ensure best practice is achieved across all service areas.

3.6.6 Operationally, staff will continue to be advised and updated on the service delivery. The organisation's Intranet contains the Joint Board's Guidelines, Policies, and operational instructions. These will be monitored and updated as required.

3.7 **Governance**

3.7.1 Tayside Valuation Joint Board meets regularly to consider reports by the Assessor, the Clerk to the Joint Board and the Treasurer as appropriate. The Treasurer will report on all financial matters, including submitting a draft budget for approval annually and reporting upon budget monitoring to the Joint Board at 3 monthly intervals. The Assessor will report on service delivery and associated matters as required and will produce and publish a Public Performance Report annually.

3.7.2 Internal Audit will examine all aspects of governance and service delivery and a report will be submitted to the Joint Board in line with an Audit Needs Assessment and an agreed Annual Plan.

3.7.3 External Audit will examine the Joint Board's draft accounts in line with current practices and will report to the Joint Board accordingly.
