

REPORT TO: TAYSIDE VALUATION JOINT BOARD – 24 AUGUST 2015

REPORT ON: HEALTH AND SAFETY ANNUAL REPORT

REPORT BY: ASSESSOR

REPORT NO: TVJB 18-2015

1 PURPOSE OF REPORT

- 1.1 To present to the Board the Assessor's annual report on Health and Safety matters, in accordance with the Board's Health and Safety Policy Statement.

2 RECOMMENDATIONS

- 2.1 The Board is asked to note the content of the report.

3 FINANCIAL IMPLICATIONS

Any implementation costs have been contained within the Assessor's Revenue Budget.

4 POLICY IMPLICATIONS

- 4.1 This report has been screened for any policy implications in respect of Sustainability, Strategic Environmental Assessment, Anti Poverty, Equality Impact Assessment and Risk Management. There are no major issues.

5 BACKGROUND

- 5.1 At its meeting on 19 August 1996 the Board noted and approved the Tayside Valuation Joint Board General Health and Safety Policy Statement which included an obligation on the Assessor to monitor and evaluate the Health and Safety performance of the Department and prepare an annual report to the Board.

6 DEPARTMENTAL POLICY STATEMENT – GENERAL PRINCIPLES

The Boards general principles of health and safety are contained in the Departmental Health and Safety Policy Statement and are as follows.

In keeping with its overall objectives and in accordance with the requirements of the Health and Safety at Work Act 1974, Tayside Valuation Joint Board will take all reasonably practicable steps to ensure the health, safety and welfare of its employees and members of the public. A high standard of performance in this respect is one of the Board's principal objectives and an integral part of its approach to service delivery.

The Board aims not only to reduce accident and sickness absence rates but also to promote the well being of its employees and to develop a positive attitude to health and safety throughout the Tayside Valuation Joint Board.

The involvement and co-operation of all employees on both an individual and collective basis are crucial to the achievement of these aims. Accordingly, the Board will ensure by informing, instructing, training and consulting employees that they are aware of their responsibilities and capable of discharging them and that they have an opportunity to contribute to establishing and maintaining effective health and safety practices.

In all its activities the Board acknowledges and will seek to meet its responsibilities for health and safety in respect of those who are not its employees and the environment in which it operates.

The Board will seek to achieve its aim by:-

- a Creating and maintaining a positive health and safety culture which secures the commitment and participation of all employees.
- b Meeting its responsibilities to employees, to other people and to the environment in a way which recognises that legal requirements are only a minimum standard.
- c Adopting a planned and systematic approach to the implementation of the Board's Health and Safety Policy, to ensure, so far as is reasonably practicable:-
 - i the provision and maintenance of plant and systems of work that are safe and without risk to health;
 - ii arrangements for ensuring safety and the absence of risks to health in connection with the use, handling, storage and transport of articles and substances;
 - iii the provision of such information, instruction, training and supervision as is necessary to ensure the health and safety at work of its employees;
 - iv the maintenance of any place of work under the Board's control in a condition that is safe and without risks to health and the provision and maintenance of means of access to and egress from these places of work that are safe and without such risks, and
 - v the provision and maintenance of a working environment for employees that is safe, without risks to health and adequate as regards facilities and arrangements for their welfare at work.
- d Identifying and assessing the risks associated with all activities of the Board with the aim of eliminating or controlling the risks, so far as is reasonably practicable.
- e Allocating resources to meet the requirements of the Board's Health and Safety Policy.
- f Planning for health and safety including the setting of realistic short and long term objectives, deciding priorities and establishing adequate performance standards.
- g Monitoring and reviewing performance on a regular basis.
- h Ensuring appropriate workforce consultation and consultation with safety representatives.

7 SIGNIFICANT RISKS FACED BY BOARD EMPLOYEES

Although Assessor's staff operates in a relatively low risk working environment, their Health and Safety remains an important consideration. The main risks to Board employees continue to be the possibility of injury whilst carrying out property inspections and the possibility of a staff member being injured or taking ill whilst they are working alone and remaining undiscovered for a significant time period. In order to mitigate these risks guidance is provided in the form of "Guidance for Working Out of the Office and Lone Working" and a range of Safe Working Arrangements which includes "Property and Site Inspections" and "Work Related Road Safety".

- 1 The Department's Health and Safety Group, under the chairmanship of an Assistant Assessor (Dundee), continues to meet biannually to monitor Health and Safety matters. Proceedings are recorded by minutes which are in turn presented to the Management Team for consideration. Health and Safety is a standing Agenda item for meetings of the Management Team.
- 2 During 2015 each Division undertook the annual Workplace Self Assessment Checklist which compares their health and safety performance with previous years to ensure that standards are being satisfactorily maintained. Each Division continues to provide adequate Health & Safety for staff.
- 3 The Formal Visual Inspection of portable electrical equipment is carried out annually by trained Assessor's staff however every third year Portable Appliance Testing (PAT) is undertaken by an outside electrical contractor. This was carried out in each Division during September 2013.
- 4 In all three Divisional offices, the fire fighting equipment, alarms and emergency lighting are tested on a regular basis.
- 5 In the past year full fire evacuation drills have successfully been carried out and recorded in each office.
- 6 First Aiders in Angus and Perth Divisions successfully completed the refresher course which provides the First Aid qualification required by the Health and Safety Executive.
- 7 Two Divisional Health & Safety representatives successfully completed the Display Screen Equipment Risk Assessor course provided by Dundee City Council.
- 8 The Assistant Assessor responsible for Health and Safety matters continues to attend the Health and Safety Coordinator Group Meetings arranged by Dundee City Council Health and Safety Section and ensures that any matters affecting the Board are implemented.
- 9 Routine Health and Safety matters continue to be dealt with locally as they arise.
- 10 The total number of days lost by Tayside Valuation Joint Board staff for 2014-2015 through sickness absence was 660.5 at a cost of £38574.01, in comparison to 2013-2014 when 309 days were lost at a cost of £29574.28. Management have carefully considered this increase in sickness absence levels, which is as a consequence of several known, long term, non work related absences. Whilst the individual long term absences have largely been resolved the position will be carefully monitored and further action will be taken as required. The full absence statistics are contained in the attached Appendix.

9 CONCLUSIONS

Health and Safety matters continue to be monitored effectively, through systems and procedures set up within the department. The Health and Safety Group comprises members from each Divisional office and accordingly Board wide issues are addressed and reported appropriately. Action is taken to ensure compliance with statutory and general health and safety requirements, and relevant training provided to staff as required. Additionally, consideration is given annually to ensuring funds are contained in the Assessor's Revenue Budget to cover the cost of complying with all Health and Safety requirements. It is considered that overall arrangements for dealing with Health and Safety matters are satisfactory.

ALASTAIR KIRKWOOD
Assessor
