7 SIGNIFICANT RISKS FACED BY BOARD EMPLOYEES

- 7.1 Although Assessor's staff operates in a relatively low risk working environment, their Health and Safety remains an important consideration. The main risks to Board employees continue to be the possibility of injury whilst carrying out property inspections and the possibility of a staff member being injured or taking ill whilst they are working alone and remaining undiscovered for a significant time period. In order to mitigate these risks guidance is provided in the form of "Guidance for Working Out of the Office and Lone Working" and a range of Safe Working Arrangements which includes "Property and Site Inspections" and "Work Related Road Safety".

8 ANNUAL REPORT TO AUGUST 2016

Proceedings are recorded by minutes which are in turn presented to the Management Team for consideration. Health and Safety is a standing Agenda item for meetings of the Management Team.
- 8.2 During 2016 each Division undertook the annual Workplace Self-Assessment Checklist which compares their health and safety performance with previous years to ensure that standards are being satisfactorily maintained. Each Division continues to provide adequate Health & Safety for staff.
- 8.3 The Formal Visual Inspection of portable electrical equipment is carried out annually by trained Assessor's staff however every third year Portable Appliance Testing (PAT) is undertaken by an outside electrical contractor. This is scheduled to be carried out in each Division later in 2016.
- 8.4 In all three Divisional offices, the firefighting equipment, alarms and emergency lighting are tested on a regular basis.
- 8.5 In the past year full fire evacuation drills have successfully been carried out and recorded in each office.
- 8.6 The Assistant Assessor responsible for Health and Safety matters continues to consult with Dundee City Council Health and Safety Section and ensures that any matters affecting the Board are advised.
