Learning from Complaints

A complaint highlighted an error on an Assessor Information Notice form, which has subsequently been resolved.

A further complaint related to the time taken to make a transfer of a property from the Valuation List to the Valuation Roll as a self-catering unit. However, the process and timeframe within which the Assessor can act is an inevitable consequence of the evidential requirements laid out in The Council Tax (Dwellings and Part Residential Subjects) (Scotland) Amendment Regulations 2021.
